SUMMARY

My name is Ronen, I am a Coding Academy graduate, passionate learner and an ambitious and aspiring developer. I embrace the importance of continuous and frequent practice in order to improve and excel. As a musician, I have a strong background in self-disciplines. Hence, I find that integrating logics and arts in development produces high quality apps. For me, expanding knowledge and perfecting coding skills isn't an obligation, but a fun way to spend time. I find motivation in problem solving, taking initiatives and doing the best I can do. I am a proud believer that anything is possible.

SPECIALTIES

Frontend
- **React** | Redux, Redux ToolKit, Next, React Native
- **Vue** | Vuex, Vite, Composition API, Options API
- **Angular 2+**

Backend | Node, Express, Firebase, Authentication, Bcrypt, Cookie Parser, Services, Postman, Socket.io
Disciplines | SPA, SST, OOP, MVC, CRUD, Rest API, Modules, Services
Code | JS (es6), TS
Debugging | Unit Testing, Dev Tools
Version Control | Git, Branches
Database | MongoDB, MySQL, Cloudinary

SELECTED WORKS

Someday (A Monday clone) | someday.onrender.com   front repo | back repo

Game of life | ronenboxer.github.io/game-of-life   repo

IN DEVELOPMENT

Vocabulary | A vocabulary memorization app that I came up with while studying for the SAT's. I   repo
learned React Native through documentation in order to develope this app.

Quix | A Wix clone project (including WYSIWYG). For this project I have completed a Next   repo
course.

EDUCATION

Udemy	10 hour course	April, 2023
Type Script course	Colt Steele	
Udemy	25 hour course	March, 2023
Next course	Maximilian Schwarzmüller	
Coding Academy	640 hour course	2022 - 2023
Full stack web development bootcamp	
Rimon College of Jazz and Contemporary Music	Awarded a Scholarship for Excellence	2014 - 2017
Composition	Production	Performance	Arrangement	
Technion Israel Institute of Technology	2011 - 2013
Calculus	Algebra	Physics	Systems Programming	Combinatorics	
Ben Gurion high	Class for gifted students	2008 - 2011
Computer science (99)	Maths (96)	Physics (91)	

EXPERIENCE

Educator	Head of music department	Head of science department	2021 - 2022
Montessori - Forest elementary school	
Teaching assistant (promoted to educator)	Music instructor	2019 - 2021
A.D. Gordon elementary school	
Teacher	Music instructor	2018 - 2020
Ironi A high, Modi'in	
Musician	Music teacher	Maths teacher	2014 - 2023
Freelance	

TECHNOLOGIES

VOLUNTEER

2008 - 2016
I have been offering free private lessons in maths and physics to students (children and adults) struggling financially.

2016 - 2017
I have met with families of fallen soldiers weekly, directing them as a choir to perform on national memorial day and entertaining them by playing the piano "on demand".

LANGUAGES

English | Fluent | Verbal and written
Hebrew | Native | Verbal and written

TRAITS

Proactive team player, easy to collaborate and get along, always happy to assist.

Strong interpersonal communication skills.

Open to criticism and always in thirst for improvement.

Passionate, motivated, ambitious and success driven.

Autodidact and fast learner. Intellectually curious about learning new technologies and skilled in documentation.

Resourceful and hard working

Effective time-management strategies, multi tasking and prioritizing.

Perform well in a high-pressure environment.

Believe that everything is possible.

Tackle tough problems and find creative ways to solve them.

Analytical bent of mind, algorithmic efficiency, website optimization.

High quality, clean, reusable, and maintainable code.

Creative, keen attention to details.

Neat and organized.
